## Request for Change To Construction or Decorator's Selections

Anything that is different from the original agreement or an alteration from the blueprints that your new house was priced from is considered a change order. To assure customer satisfaction and to provide professional service, requests for any changes to plans or specifications (after signing of the plans and specifications or contract, whichever is applicable, or after decorators selections have been made) must be submitted on this form. We cannot consider any change requests not presented in this form.

We are unable to make any changes to the basic construction of your home after framing has begun. No changes may be made during the five weeks prior to your closing.

Please submit this form by fax to 706-868-3906. If you need to discuss this change order with us, please call 706-863-4888 to schedule an appointment.
